THE BOROUGH OF LYME REGIS.

ANNUAL REPORT OF THE MEDICAL OFFICER OF HEALTH
FOR THE YEAR.
1963.

Telephone No.
Bridport 3172.

Health Centre,
North Allington,
Bridport.

June, 1964.

To His Worship the Mayor, Aldermen, and Councillors,
of the Borough of Lyne Regis.

Mr. Mayor, Aldermen, and Councillors,

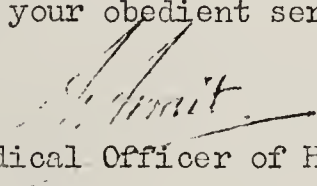

I have the honour to present to you my Annual Report for the year 1963.

The Report is set out in sections in the following order :-

	<u>Pages.</u>
Public Health Staff and Vital Statistics.	1 - 4
Sanitary Circumstances of the area.	5 - 8
Inspection and Supervision of Food.	8 - 9
Housing.	9 - 10
Riparian Local Authority.	10
Prevalence of, and Control over Infectious and other Diseases.	11 - 14
Factories Act.	15

As this is my last Annual Report before retiring, may I say how much I have enjoyed working for you during the past 27 years, and how much I have appreciated the courtesy, consideration and help freely given me by the members of the Council and for the co-operation of my colleagues on the Council staff. I am also grateful to Mr. Kennaugh, the Public Health Inspector, for his assistance in the preparation of this Report.

I am, your obedient servant,

Medical Officer of Health.

SANITARY CIRCUMSTANCES OF THE AREA.

Water Supply.

Lyne Regis obtains its water supplies from the East Devon Water Board.

Under the East Devon Water (Lyne Regis) Order 1958, the Board acquired the Lyne Regis District Water Company, and the Order of 1960, transferred to the Board, the Water Undertaking of the Borough of Lyne Regis on 1/12/60.

The Pinhay Development Scheme.

Stage 1 of this scheme to develop the Hartstongue spring near Lyne Regis to its full capacity of 500,000 g.p.d. was completed by the end of 1961, and the second stage, comprising a 500,000 gallon reservoir at Rousdon to provide additional storage in the Lyne Regis area, was completed and came into service early in 1962. After the installation of the new pumps, difficulties arose from an aeration problem, and the two pumps concerned were removed and replaced by vertical spindle pumps.

River Abstraction.

In order to guard against any possible interruption in supplies through landslips at the Pinhay source, the Board have leased a parcel of land near Whitford Bridge on the river Axe and installed there, pumping, filtration and chlorination equipment, so that water could be taken from the river if necessary to make up any deficiency from Pinhay. The Devon River Board consented to an abstraction not exceeding 500,000 g.p.d. subject to a prescribed minimum flow of the river. After a Public Enquiry the Minister made an Order substantially on the lines submitted but limiting the power of abstraction to periods, when by reason of accident or otherwise, it is not reasonably practicable to obtain water for supply purposes from Pinhay.

Renewal of Mains.

During the year 575 yards of 4" mains were renewed and 323 yards of 3" new mains installed.

Over 95% of the houses have water laid on and the remainder are supplied from outside taps.

Analyses.

37 samples from springs, mains and household taps were taken by the Water Board and all were reported from the Laboratory as being satisfactory.

Chemical Water Analyses. (Results in Parts Per Million).

Copy of a Report from the Counties Public Health Laboratories, London. 15/2/63.

On a sample of water sent by the East Devon Water Board taken from the sunp, Pumping Station, Pinhay.

Appearance	Clear and bright.	Turbidity	Nil.
Colour	Nil.	Odour	Nil.
pH.	7.3	Free Carbon Dioxide	22
Electric		Dissolved Solids	
Conductivity	520.	dried at 180°C	360.
Chlorine present		Alkalinity as	
as Chloride.	32.	Calcium Carbonate.	235.
Hardness; Total	265. Carbonate 235.	Non-Carbonate.	30
Nitrate Nitrogen.	3.6	Nitrite Nitrogen	absent.
Ammoniacal			
Nitrogen.	0.010	Oxygen Absorbed	0.05
Albuminoid			
Nitrogen.	0.000	Residual Chlorine	...
Iron, Zinc, Copper, absent		Lead, Manganese	absent.
Fluoride	less than 0.1		

From the aspect of the chemical analysis, these results are indicative of a pure and wholesome water suitable for public supply purposes.

Drainage and Sewerage.

The developed areas of the town are on the water borne carriage system, largely combined soil and surface, with the exception of the post war housing estate which is on the separate system, and all new properties, where practicable, are now being dealt with on the latter system. One small area, Ware Lane is dealt with on septic tanks and filters. The Council's seasonal Monmouth Beach area has part water borne system and part Elsan, the latter being collected twice weekly.

Over two-thirds of the drainage of the town is received and discharged into the sea below low water mark by the Eastern Outfall (18" cast iron sewer) across Broad Ledge, installed in 1900.

The Cobb area is dealt with by a 9" sewer discharging into a 12" cast iron sewer carried out beyond low water mark west of the Cobb. The 9" portion of this sewer, is situated in the noverment area of Cobb Road, and requires constant attention.

Owing to the serious land slip in the vicinity of Cobb Road in 1962, close observation was kept on the sewers and drains in Cobb Road. Ware Cliff reservoir was emptied at the beginning of the year and has been kept empty in case of further land slip.

On the Cobb outfall two leaks were repaired.

At Cobb Gate and Cart Road, blockages were cleared and two new manholes built, and in Broad Street, the sewer was repaired and an inspection chamber built, while in Coombe Street the sewer was cleared and a rodding eye fixed.

241 yards of 9" and 156 yards of 6" sewers were laid in the Hays Lane development area, while on the Marine Parade 57 yards of 4" sewer were renewed and 1 new inspection chamber built, and in Colway Lane and Upper Westhill Road 18 yards of surface drain were laid and 2 new gullies fixed.

Public Lavatories.

Accommodation is provided for both sexes in five blocks at the Square, Marine Parade, Cobb Harbour, Monmouth Beach, one small block for men at the Victoria Pier, and also a separate block at the Monmouth Beach for the use of the Sandboy Huts and caravans. The remaining turnstilo in the Ladies' toilets, Marine Parade, was removed, and individual locks fitted.

Parts of the Ladies' accommodation at the Square, the Ladies' and Gents' at the Monmouth Beach, and the Sandboy Huts, are closed during the winter. The construction of a new block of toilets at Holnbush Car Park was completed and opened at Easter.

Public Cleansing.

A weekly collection is made of household and trade refuse by one lorry, and in the summer, additional collections are made in the business areas of the town as required. The refuse is disposed of at a tip on the cliffs east of the town. All main streets are swept daily. Gullies are cleared on the Borough roads by the Council and on Classified roads by the County Council. Litter baskets are provided in parts of the town and beaches.

Rodent Control and Eradication of Vernin.

No full-time Rodent Operator is employed. One of the Council's workmen who has attended training courses, deals with the Council's drains, sewers, refuse tip and premises, and also private premises on receipt of complaints.

No. of properties inspected.....	268
No. of properties treated.....	53
Infestations found, Rats; (Minor).....	19
Infestations found, Mice; (Minor).....	34

In addition, the operator dealt with 14 wasps' nests.

Petroleum Spirit.

Petroleum (Consolidation) Act. 1928

Petroleum (Regulation) Acts. 1928 and 1936.

No of licences granted..... 4. No. of inspections..... 5.
Total petrol storage licenced..... 13,000 galls. Notices served..... Nil.

Smoke Abatement.

No action was taken under this heading.

Swimming and Bathing Pools.

There is no indoor swimming bath. Bathing takes place in the sea during the season from all beaches, and dressing accommodation is available from huts and tents on the main beach.

Fouling of Footways by Dogs.

No action was taken under the Byelaw.

Camping Sites.

There is one camping ground of $7\frac{1}{2}$ acres situated on the hill to the north of the town, with 200 caravan sites licensed for summer use only and winter storage. A third sanitary block was built during the year and the whole site now drains to the public sewer. The camp is well maintained.

On the Monmouth Beach, owned by the Council, there exists a collection of day huts, caravans and chalets for summer use only. Water is supplied by standpipes at various points. On the same beach, the Council own and let 28 residential chalets for seasonal letting. These are laid on concrete foundations with asphalt paths in three terraces around walled-in lawns. Each chalet has an independent water supply, electric lighting and cooking, food cupboard, trapped sink, and drainage connected to the public sewer system. Lavatory accommodation water borne, is provided at the rear in a separate block of buildings and drains to the public sewer.

On the Monmouth Plateau there are 13 caravans each with a gully connected to the sewer and a standpipe for water supply for every pair. A block of toilets to supply the site was commenced in 1963. This will replace the Elsans.

The Pollution of Rivers.

No serious pollution occurs in the river Lym during its course through the Borough.

Schools.

These are regularly inspected; all have piped water, water closets and washing facilities.

Frost.

Heavy snowfalls and very severe freezing conditions causing water service difficulties and burst pipes created much inconvenience to the residents of the town, and imposed a heavy burden on the Surveyor's department.

Sanitary Inspections of the Area.

Surface water drains - repaired.....	2.	Sewers - connections made.....	14.

INSPECTION AND SUPERVISION OF FOOD.

Meat Inspection.

There is no slaughterhouse in the Borough, the retailers obtaining their meat outside the district.

(1) Food Premises by Type.

There are 100 food premises in the district, as follows :-

Bakers.....	3.	Fried Fish shop.....	1.
Butchers.....	4.	Ice Cream.....	28.
Fishmongers.....	2.	Dairies.....	2.
Grocers.....	10.	Public Houses.....	14.
Greengrocers.....	6.	Poulterers.....	4.
Caterers.....	15.	Kiosks.....	3.
Confectioners.....	6.	School Canteens.....	2.

(2) Food Premises registered under Section 16 of Food and Drugs Act, 1955.

Manufacture, storage and sale of ice cream.....	28.
Preparation or manufacture of sausages, or potted pressed, pickled, or preserved food intended for sale.....	4.
Cooked fish.....	1.

Food Hygiene Regulations.

Taken on the whole the standard of Food Hygiene is good. Where contraventions of the Regulations has been found, this was pointed out and was remedied, the owner being co-operative in every case,

Condemnation of Food.

During the year the following food stuffs were condemned as unfit for human consumption.

Tinned Meat	22 lbs.	Butter	3 lbs.
" Fruit	21 "	Apples	35 "
Pork Pie	12 ozs.	Citrus Fruits	30 "
Dates (9 boxes)	5½lbs.	Cabbage.	7 "

Milk Supply.

Since 1961 the responsibility for the issue of licences for the use of special designation in connection with milk, or the registration of distributors, was transferred from the Council to the Dorset County Council under the Milk (Special Designation) Regulations, 1960. The County Council, however, have continued to keep this Council informed of the number of samples taken. 11 samples were taken, 10 passed and 1 failed the prescribed test.

6 Dealers' licences to sell Pre-packed milk were issued.

The Milk (Special Designation)(Specified Areas)(No.2) Order, 1962.

This Order came into operation on 25/6/62. The effect is to make obligatory the use of Pasteurised, Sterilised and Tuberculin Tested milk in relation to all retail sales of milk with few exceptions.

The Milk and Dairies (Preservatives) Regulations 1962.

This Regulation came into force on 26/7/62; it makes it illegal for a person to add any preservative to milk or to sell milk to which any preservative has been added.

The Milk and Dairies Regulations 1949.

It was not necessary to invoke these Regulations during the year.

Ice Crean.

No. of premises on the register for the :-

(a) Manufacture of Ice Crean.....	Nil.
(b) Storage and Sale of Ice Crean.....	28.
No. of Ice Crean premises inspected.....	10.
No. of inspections.....	10.
No. of Notices served.....	Nil.

No samples were taken for analyses.

HOUSING.

No new houses were constructed by the Council, but 13 were built by Private Enterprise.

There were 65 applicants on the housing list at the end of the year.

Inspection of Dwelling Houses.

No. inspected for housing defects.....	20.	No. of inspections.....	33.
No. found to be in such a state as to be prejudicial to health or dangerous and unfit for human habitation.....			8.
No. of Informal Notices served.....	8.	Complied with.....	8.
No. of Statutory Notices served.....	Nil.	Complied with (from 1962).....	2.
No. of houses demolished (voluntarily by owner).....			1.
No. of new houses in course of construction :-			
	(a) By Local Authority.....		Nil.
	(b) By Private Enterprise.....		16.

Improvement Grants.

- (a) Discretionary Grants. Completed, Nil. Value of grants approved, Nil.
- (b) Standard Grants 4 applications were approved, 1 refused, Nil withdrawn, and 7 completed. Value of grants approved £926.

Slum Clearance.

One house was demolished voluntarily by owner in Broad Street.

In addition, 8 houses were extensively repaired or reconstructed.

Certificates of Disrepair.

Applications made..... Nil. Certificates issued..... Nil.

Post War Houses.

Completed by (a) L.A. 205 (b) Ministry(Prefabs) 10.....	215.
(c) Private Enterprise (Houses 184 Flats 52).....	236.
No. of houses owned by Local Authority.....	359.

NATIONAL ASSISTANCE ACT, 1948

Section 47, Removal of Persons in need of Care and Attention.
to suitable premises.

There were no cases during the year where it was necessary to proceed under this Section of the Act.

LYME REGIS RIPARIAN LOCAL AUTHORITY.

Nil report (on the advice of the Ministry of Health 4/4/63)

PREVALENCE OF, AND CONTROL OVER, INFECTIOUS AND
OTHER DISEASES.

There were 179 cases of Measles. The disease was of a mild type.

1 case of Food Poisoning occurred in a woman aged 52 years and she was admitted to West Haven Hospital, Weymouth. No causative organism was found.

1 case of Meningococcal Infection occurred in a girl aged 5 years, a visitor to the town. She was removed to Musgrove Park Hospital, Taunton.

1 case of Non-Pulmonary Tuberculosis was notified in a woman aged 73 years.

Close co-operation was maintained with the Head Teachers and School Nurses regarding the control of Infectious Diseases in schools.

Immunisation.

This is the responsibility of the Dorset County Council. When not performed by the child's own doctor, immunisation is given at the schools and Child Welfare Centre.

The following table shows the number who were immunised.

Polionyelitis						Diphtheria.		Whooping Cough.		Tetanus.		Snallpox.
